

## BatchLine is fully integrated with OpenBravo EPOS

When you sign up for **BatchLine**, OpenBravo is provided as part of the package. A typical EPOS (Electronic Point of Sale) system can be over £40 per month, but the OpenBravo software is completely free. Highlights of the system include:

 $\rightarrow$  Touch screen compatibility.

 $\rightarrow$  Sales are one single process, which increases efficiency and cuts down the risk of error.

One scan does it all!

- → Generic stock such as greeting cards, gift wrap, etc., can be sold using a one-click button.
- → Customers receive an itemised receipt, including book titles.
- $\rightarrow$  The receipt for each sale can be recalled based on the receipt number or by date.
- $\rightarrow$  Till sales register in **BatchLine**, so your stock and sales are adjusted in one go.
- $\rightarrow$  Refunding a title automatically puts the item back in stock.
- → OpenBravo uses industry standard Epson compatible hardware, meaning that your existing till hardware may be usable.
- $\rightarrow$  Accounts reports can be generated by OpenBravo and **BatchLine**.
- $\rightarrow$  The system accepts mixed payment types, including customer accounts.

Booksellers using BatchLine version 4.30 and over can now sell, top up and redeem National Book Tokens on OpenBravo. Contact egiftcard@booktokens.co.uk to be set up.

Turn to page 2 to see sample Sales and Payment screens.
